12 candidates

M.Phil. Zoology (Session 2013-14) Dissertation Topics

S.No.	R.No.	Name	Topic
1	138066050001	Gyan Prakash	Effect of sitara-505 on haematology of <i>Channa punctatus</i> (Bloch.)
2	138066050002	Khushbu Tarangni Mathur	Antioxidative role of Spirulina on hematotoxicity induced by cigarette smoke inhalation in albino rat
3	138066050003	Vishnu Sharma	Effect of mercuric chloride on brain histoarchitecture of <i>Rattus norvegicus</i>
4	138066050004	Geetesh Rawat	Immunotoxic responses under stress of mercuric chloride in wistar rat
5	138066050005	Omvir Singh	Arsenic induced oxidative stress in the blood of albino rat and its protection by root extract of <i>Eichhornia crassipes</i>
6	138066050007	Anshu Agarwal	Toxicokinetic study of mercuric chloride alone and in supplementation with curcumin in albino rat
7	138066050008	Priti Singh	Liver biochemical changes under stress of sitara-505 in <i>Channa punctatus</i> (Bloch.)
8	138066050009	Madhuri	Histopathological alterations in lung of cigarette smoke exposed rat and protective role of Spirulina
9	138066050010	Sanjay Singh Chandra	Effect of <i>Tamarindus indica</i> on antioxidant indices in rat brain following ground water fluoride intake
10	138066050012	Trapti Srivastava	Cigarette smoke induced changes in certain blood coagulation factors in albino rat and their modulation by Spirulina
11	138066050015	Preeti Saini	Effect of malathion on serum and liver enzymes in <i>Channa punctatus</i> (Bloch.)
12	138066050016	Pranjuli Tomar	Antioxidant effect of fruit extract of <i>Tamarindus indica</i> on fluoride intoxicated albino rat
